SECTION A - COMPREHENSION

Read the biography below and answer the questions.

My life so far

- 1. My name is Peter Green and I am 11 years old. I live with my family. They are my parents and my two sisters. I'm the middle child, like the cheese in the sandwich, as my grandmother says.
- 2. My older sister, Kate, thinks she is a pop star. You should hear her sing in the shower! She sounds more like a frightened cat than anything human. When she sings, even the cat runs and hides.
- 3. Then there is my little sister, Jane, the most irritating person in the world. Why do I say that? Well, wouldn't you get irritated if you had to live with someone who has two imaginary friends? All day long she talks to these friends, as if she can really see them. Living with two sisters is bad enough- but four girls in the house!
- 4. My father, Jake Green, is big and strong. He drives a big truck at the local municipality. When he isn't at work, my father reads the newspaper or watches television. Sometimes I can persuade him to play soccer with me in the backyard.
- 5. My mother's first name is Christine, although I call her Mom. My dad calls her Tina or Sweetie Pie when he's feeling happy, like after Sunday lunch. Mom is very pretty and works hard at the grocery store in our own town. She is really in charge of the house. We all have to do jobs, even my father. My job is to wash up after supper and feed the dog.
- 6. We have lived in the same house in Senekal since I was born, so I know our house very, very well. For example, I know which floorboard creaks in the passage, where there is a crack in the garden wall to sneak through, and how to open the front door when it gets stuck when it rains.
- 7. I am in Grade 5 in Senekal Primary School, and Mr. Grey is our teacher. I like our school, because there are soccer fields and netball courts for us to play on. I'm in the soccer team. So is my best friend, Fred. We often beat the other schools in soccer matches because we practice every afternoon. I can read and write quite well, but I am not as clever as Jason and Lydia in our class. I think that they know even more than Mr. Grey does.
