African Elephants

READ THE FOLLOWING INFORMATIONAL TEXT AND ANSWER THE QUESTIONS:

- 1 African elephants are the largest mammals that live on land. They never stop growing.
- 2 Male African elephants can get to be **3,9 m** tall if measured from the ground to the top of their shoulder. They can weigh up to 6350 kilograms.
- 3 African elephants have ears that are shaped like the continent of Africa. Elephants can flap their ears. The big ears help keep the elephants cool. Their bodies are hard and rough.
- 4 Elephants eat all day long. They feed on grass, small plants, bushes, fruit, vegetables, twigs, tree bark, and roots.
- 5 Elephants use their trunks to eat food and to squirt water into their mouths. They also breathe through their trunks.
- 6 Elephants have two tusks, which are made of ivory. The tusks grow to the right and the left sides of their trunks. Elephants can use their tusks to fight and to dig. Poachers kill elephants so that they can get their tusks.
- 7 Ivory was used to make beautiful jewelry and statues. It is against the law to hunt elephants now, because hunting them has made them **endangered** animals.

MEMORANDUM

Marking Guideline/ Marking of Question 1 and 2
Comprehension and Visual text

- Spelling and grammar errors in longer answers are **not penalised** due to the fact that the focus is on comprehension
- Where one-word- answers are required and the candidate provides a full sentence, a mark should be allocated as long the correct word is highlighted or indicated in one way or the other.
- For open ended questions no marks are given for YES / NO / I AGREE / I DO NOT AGREE. The reason / motivation must be considered.
- For TRUE / FALSE or FACT / OPINION questions, marks are divided: 1 Mark for TRUE / FALSE or FACT / OPINION and a mark is given for the reason / motivation / quotation.
- Where two or three facts / points are required and the candidate gives a whole range, only the first two or three facts / points are marked.
- If the candidate uses words from a Language other than that from the question paper, the **foreign words are ignored**. If the answer (without the foreign words) makes sense, the candidate is not penalised. If the foreign word is required in the answer, it should be accepted.
- For **multiple-choice questions** BOTH the letter AND correct answer that is written out in full are accepted.
- As far as possible, lower- and middle order questions should precede higher order questions.
